

2024 THIRD QUARTER

Donation Amount: \$6950

In Q3 2024, we proudly donated \$6,950 to CINI Australia. This contribution funds a program aiding 223 children affected by HIV/AIDS.

Between April 2023 and March 2024, we saw significant progress—quarterly BMI checks revealed 33 children moved from 'Thinness' to 'Normal'!

Beyond health improvements, these programs also strengthen family communication, providing a platform for families to express their needs and concerns.

Pictured above are Anvil and Aunty receiving their monthly rations through the program.
